

# AUTOCLEAR Inspector P Portable

Ultra compact, light, high resolution color X-ray inspector for bombs, detonators, anthrax powder, weapons and contraband

Continuously variable magnification from 4X to 20X

AUTOCLEAR is the leading worldwide producer of advanced, fast, reliable, X-ray, Weapons and Trace Detection screening systems. Visit us at [www.autoclearus.com](http://www.autoclearus.com). Ask about our mobile, cargo, dual view and backscatter systems.

The AUTOCLEAR\* Inspector P Portable is the world's most portable and compact film-safe system for real-time, magnified x-ray screening of mail, overnight envelopes and small parcels. Weighing only 55 pounds, the Inspector P is easy to carry, and can be set up rapidly or overnighted. It is digital, offers color and b&w, and has film-quality resolution with full LCD screen.

The Inspector P is very high resolution (14 line pairs per mm) and magnification (4-20 times), coupled with variable kV, making it very well suited to forensics, fine detonator or bomb detection, narcotics, sharp items or elusive powders carrying anthrax or chemicals. Also suitable as a tier Z positive identifier.
