

## Bomb Suppression Blanket

The Ten4 anti-fragmentation blanket is made from a number of Twaron Layers, according to the required protection level (level II and Level III). This flexible blanket can cover a suspected device perfectly. “Twaron” fibers are highly heat resistant and will not burn should the device detonate.

The outside layer is made of 420 deniers Nylon. Our blankets are available with 4 or 6 strap handles allowing disposal of the suspicious device.

Available size: 4ft x 5ft, 5ft x 5ft, 5ft x 6ft, 6ft x 6ft
