High Reliability, Rugged Command/Communications

CUSTOM CONFIGURED TO YOUR UNIQUE AGENCY SPECIFICATIONS

TRA•KIT

Multi-User Collaborative
Patient/Logistics Management
Product Line

- Rugged airline carry-on case
- Auto-ranging power supply (90-240Vac, 10-34Vdc)
- Long term battery power
- Rugged laptop
- Multi-mode handheld scanners (barcode/rfid/cardswipe/proxcard)
- Barcode printer
- 802.11 network
- Satellite Internet link
- Patient/personnel tracking software
- Mobile logistics systems:
 - rapid deploy warehouse
 - remote supply chain overview
 - item shelf location via rfid
 - rapidly expandable
- ... and more

NET•PAK

Netcentric SIPRNet/NIPRNet/GIG
Agile Communications
Product Line

- Rugged airline carry-on case
- Auto-ranging power supply (90-240Vac, 10-34Vdc)
- Long term battery power
- Rapidly deployable networks
- Long range 802.11 MESH network
- Encrypted voice/data
- Rugged laptop
- Inmarsat SATCOM
- Immediate wire/wireless network
- Executive/Commander level support
- ... and more

TAC•PAK

Multi-User Comprehensive
Command/Control
Product Line

- Rugged airline carry-on case
- Auto-ranging power supply (90-240Vac, 10-34Vdc)
- Long term battery power
- Solar power
- Rugged laptop
- Multi-mode SATCOM (Inmarsat/VSAT)
- Long range 802.11 MESH network
- Radio interop/worldwide talkgroups
- RoIP Blackberry/iPhone VHF/UHF interconnect
- Encrypted voice/data
- Copy/print/scan functions
- Videoconferencing (IP and ISDN)
- Multiple VoIP phones
- Local region operations
- Reachback operations to EOC, theater command, etc
- ... and more

COST EFFECTIVE for both limited and full incident deployment

FUNCTIONAL for all command management organizations

INTEROPERABLE across the responding agency spectrum

TACTICAL to STRATEGIC level situation awareness capability

ADVANCED situational awareness

SIMPLE to operate and includes comprehensive technical support

IMPROVES operational coordination

Customized **TAC•PAK** Pricing and Component Performance Specifications
* NOW AVAILABLE ON BOTH GSA AND CMAS SCHEDULES *

TAC•PAK Commander Configuration

Incorporates:

- ✓ Rugged Case
- ✓ Ruggedized Laptop
- ✓ Printer
- ✓ Copy Machine
- ✓ Fax Machine
- ✓ Digital Camera
- ✓ Cellular Data Link
- ✓ 56k Modem
- ✓ GPS
- ✓ Halogen Light
- ✓ Power Supply/Battery

TAC•PAK Accessory Pricing

- ✓ Satellite Phone
- ✓ Digital Video Camera
- ✓ Fingerprint Capture
- ✓ Wireless LAN connection/switch
- ✓ Additional 3W Cellular Phones
- ✓ High speed wireless Data
- ✓ Video Conferencing Cameras
- ✓ Solar Power
- ✓ HAZMAT Software

(**TAC•PAK** In Action - video available for viewing at www.308SYSTEMS.com)

Take your office to the incident – 5th story of a building, mountain top or through streets choked with debris. The **TAC•PAK** family of modular components is designed to provide each jurisdiction with the flexibility to design a portable communications system meeting their individual needs.

Create your custom system from field tested components such as:

Rugged Case(Std)

Wheeled, pull-out luggage style handle
Watertight, high impact ABS design

Computer(Std)

Ruggedized Panasonic, Touchscreen available
WinXP, 256 MB Ram, expandable to 768MB
40+ Gigabyte hard drive
56k Modem, DVD/CDRW(opt DVD/RW)

Printer/Copier(Std)

Color, 4.5 pages per minute
30pp automatic document feeder
8.5x14 maximum document size
720x360dpi

Fax Machine(Std)

CCITT Group 3 compatible
10 pages/minute

Digital Still Camera(Std)

LCD display
High Resolution
Built in Flash
Fast USB PC interface

Cellular Phones(1-3W Data Phone Std)

3W transceivers for TAC•PAK voice/data transfer
.6w digital cellular available
NSA secure communications available

HAZMAT Software

Huge worldwide database of chemicals, PPE, MSDS, mitigation measures, and related Health/HAZMAT info!

Video Conferencing

10fps videoconferencing through landline
30fps full motion video also available

Global Positioning System(Std)

Worldwide position location and map generation
Custom map uploading available
Geographic Information System and Mapping interface

Light(Std)

5W Halogen
Flexible gooseneck
Dimmer control

Power Supply/Battery(Std)

Operate on 120VAC/12VDC/internal battery(220V optional)
Up to 4 hours NiMH battery operation
Selective Power Management for extended battery life

High Speed Wireless Data

Wireless regional RF data link with 60 – 384kbps data rate

Satellite Telephone

Inmarsat(64kbps)/Globalstar(9.6kbps)
Full duplex digital voice
NSA secure communications available
Up to 128kbps fax/data transfer

Virtual WAN Hub

Wireless Hub enabling field deployment of multi-TAC•PAK based Wide Area Network

Wireless LAN connection

54Mbps wireless LAN/WAN data connection

Digital Video Camera

DV tape records up to 1 hour of high resolution video
Memory card contains multiple still images
1.8" LCD swivel display

Solar Power

Solar battery charger trickle charges TAC•PAK battery
