

# inControl Systems Product Line Card

Line Card

## Automatic Extinguishers

- Self and Electrical Actuation methods.
- Pre-Engineered System without Piping, Wiring...

## Foam Systems - Self Contained

- Safe and Explosion Proof Systems.
- Wide Range of Water and Foam Tank Capacity.

## Clean Agent-FM-200

- Cylinder Capacity Range 40 to 1000 lbs.

## Foam Generator-Self-aspirating High Expansion

- Expansion Ratio 680/1.
- Large Area protection with Less Foam and Water.

## Clean Agent- Novec1230

- Cylinder Capacity Range 40 to 1000 lbs.

## Foam Systems- Bladder Tank

- 100-3000USG Horizontal and 50-1500USG Vertical capacity.
- Various Foam Ratio Controller Sizes.
- Carbon and Stainless Steel construction,
- Epoxy or Coal Tar Inner Liner.

## High Pressure CO2

- Total Flooding and Local Application,
- Various On Line Weight Monitoring Systems.

## Water Mist - High Pressure

- Working pressure of 100bar to 120bar.
- Safe for occupied spaces.
- Minimizes the damage caused by the extinguishing agent.

## Low Pressure CO2

- Insulated, Refrigerated Tanks from 3/4 to 60 ton.
- 1/2" through 8" Master/Selector valves.

## Water Mist – Low Pressure

- Automatic and manual discharge capability.
- Easy refill of air cylinder(s) and water tank.
- Pressure control valve.

## Flame and Gas Detection Systems

- Commercial and Industrial Toxic and Combustible Gas Detection Systems.
- Infrared, Catalytic, and, Electrochemical Detection Technologies for Gas Detection.
- Ultraviolet, Infrared, and, Various Combination Detection Technologies for Flame Detection.

## Deluge Valves and Skid

- Elastomeric, Clapper, and, Glob Type Valves.
- Hydraulic, Pneumatic, Electric, and, Combination Actuation Types.

## Fire Detection and Fire Alarm Systems

- Addressable and Conventional Range of Controller, Detectors, and, Notification Devices.
- Explosion Proof Range of Detectors and Notification Devices.

## Fire Hoses, Fire Cabinets, Valves, FDC

- Steel and GRP Cabinets.
- Right Swing and Horizontal Drums.
- Collapsible and Non Collapsible Hoses.
- Angle and PRV Valves.

## Portable Extinguishers

- Portable and Wheeled Types.
- Various Types of Agents: Co2, Dry Chemical, Foam...

## Sprinkler Head

- Various Materials, K Factors, Spray Angles, and, Temperature.

## Hydrants, Valves, Post Indicators, Monitors, Nozzles

- Dry and Wet, Various Ways Hydrants.
- Manual & Electrical Monitors.
- Hose, Hand line, Water, and, Foam Nozzles.

## Ball Valves, Gate Valves, Shut off Valves, Diaphragm Valves

- Butterfly, Gate, and, Globe valves.
- NRS Valve and Post Indicators.
- Complete Range of Steels and Alloys.
