

## COMPANY PROFILE

Founded in 1922 in Chicago, Illinois, Tripp Lite is a leading manufacturer of products to power, protect, manage, house, cool, connect and mount your equipment. From the largest data center to the smallest home office, Tripp Lite products keep your equipment running effectively and efficiently.

### A Tradition of Innovation:

In 1981, Tripp Lite introduced the first UPS system designed to protect desktop computers. Today, Tripp Lite is the first to introduce a line of network-grade PDUs with built-in Gigabit Ethernet switches.

### A Reputation for Quality:

Tripp Lite's premium Isobar® Surge Protector sets the standard for surge protection, with more than 19 million in service worldwide.

### A Global Presence:

With offices in more than 60 countries, Tripp Lite serves customers around the world.

### A Commitment to Service:

Tripp Lite's Chicago-based, in-house technical specialists are available by phone, email and chat.

- Single- and 3-Phase On-Line, Hot-Swappable On-Line, Advanced Line-Interactive and Standby

#### Features

- Capacities from 300VA to 210kVA
- Rack-mount, tower and desktop formats
- Specialized medical-grade and A/V models
- Power-saving Economy Mode
- Advanced Automatic Voltage Regulation (AVR)
- Remote management capabilities
- Pure sine wave output in battery mode

### Rack and Cooling Solutions

#### Models

- 2U to 26U Wall-Mount Rack Enclosures
- 12U to 48U Floor-Standing Rack Enclosures
- 8U to 58U Open Frame Racks
- 42U Value Rack Enclosures
- 2,000 and 7,000 BTU Rack-Mount Cooling Units
- 12,000, 18,000 and 24,000 BTU Portable Cooling Units
- 33,000 BTU Row-Based Cooling Unit
- 60 kW (204,000 BTU) Precision Chilled Water Cooling Unit

#### Features

- Standard, shallow, mid-depth, deep, wide, hinged, colocation, seismic, thermal duct and shock pallet enclosures
- Full range of rack-mount accessories

### IP Console Servers and KVM Switches

#### Models

- 1U Rack-Mount IP Console Servers
- 1U Rack-Mount Console KVMs
- 1U Rack-Mount Consoles
- 1U Rack-Mount KVMs
- Compact Desktop KVMs
- TAA-Compliant KVMs

#### Features

- Control all rack equipment in-band/ out-of-band (IP Console Servers)
- Control thousands of servers (KVMs)
- Cat5, multiuser and IP options

### Power Distribution Units

#### Models

- Basic, Metered, ATS, Monitored, Switched, 3-Phase and Hot-Swap
- Power Distribution Centers
- Horizontal Rack-Mount or 0U Vertical-Mount
- PDU Ethernet Switch Combos

#### Features

- All-metal housings
- Up to 48 outlets

### Cables and Connectivity

#### Models

- Network (Fiber) and Fiber Cable Accessories
- Network (Cat5e/Cat6/Cat6a/CX4/T1)
- Home Theater/Professional A/V
- Computer/Storage/USB/Power
- Display and Digital Signage Solutions
- Adapters, Converters and Couplers
- Splitters, Switches and Extenders

#### Features

- Premium design and construction
- Multiple lengths, colors and connectors

### Power Management Tools and Software

#### Models

- SNMPWEBCARD, WEBCARDLX and TLNETCARD Web Management Accessory Cards
- RELAYIOCARD Contact Closure Management Accessory Card
- ENVIROSENSE and TLNETEM Temperature/Humidity Sensors
- PowerAlert and TLNET Power Management Software
- WatchDog Service Monitoring/Reboot Software

#### Features

- Full range of power management solutions
- Software provided free with compatible UPS systems

### Surge Protectors

#### Models

- Premium with Isolated Filter Banks
- Standard and Special Application

#### Features

- Up to 5700 joules of surge protection
- Tel/modem, Ethernet and coax protection options
- A/V and industrial/commercial models
- Eco-friendly, power-saving models
- TAA-compliant and medical-grade models

### Charging Stations and Carts
